Made in
Rockland,
Maine*

POWER

Steel-Pro has extensive experience in the Power, Alternative Energy, Vacuum, and Oil and Gas Industries:

- Bulk Tanks
- Separators
- Distillation Columns
- Fuel Storage Tanks
- Piping Systems
- Vacuum Chambers
- Crystal Growth Chambers

Contact us with your project requirements, and we will find the most cost-effective solution for you!

CHEMICAL

The Chemical Industry is where it all began for Steel-Pro. Let us help with your:

- Reactors
- Filter Vessels
- Mix Tanks
- Distillation Columns
- Pressure Vessels

We have years of experience with half pipe and dimple jacketed vessels and can fabricate in almost any alloy.

INDUSTRIAL/ PULP & PAPER

Steel-Pro has years of industrial fabrication experience for your:

- Piping Skids
- Modular Skids
- Heat Exchangers
- Water/Wastewater Equipment
- Dispersion Skid Systems
- Piping
- Hold Tanks
- Mix Tanks
- Storage Tanks
- Other Custom Fabrication

We have the expertise to complete your fabrication project, no matter how complex and regardless of your industry.

Materials of Construction

- Stainless Steel
- Titanium
- Alloy 20
- Inconel™
- Incoloy™
- Hastelloy™
- Duplex Stainless Steel
- Monel™
- Carbon Steel
- 6-7% Molys (254SMO, AL6XN)

**100% EMPLOYEE OWNED
AND OPERATED**
