FABRICATION

Steel-Pro  
Incorporated

*100% Employee Owned*

**LIFE SCIENCES**  
**PHARMACEUTICAL**  
**FOOD & BEVERAGE**  
**BIOPHARMACEUTICAL**

## CERTIFICATIONS

- ASME Section VIII, Division I "U/UM"
- ASME Section VIII, Division I "R"
- ASME "PP" (Process and Power Piping)
- ASME BPE
- CRN (Canadian Registration Number)
- CE / PED (Conformité Européenne, meaning "European Conformity/ Pressure Equipment Directive")
- MOM (Ministry of Manpower)
- API-620
- API-650
- UL-142

*Proudly  
Made in  
Rockland,  
Maine*

# SANITARY FABRICATION

## LIFE SCIENCES

Steel-Pro has helped develop and fine-tune multiple products for the Life Sciences Industry:

- Single Use Bioreactors
- Sanitary Mix Tanks
- Critical Research Equipment

We are ready to meet your needs. All Life Science equipment can be manufactured to meet the ASME BPE standards and can range from atmospheric to ASME Section VIII Code Stamped Pressure Vessel.

## FOOD & BEVERAGE

Steel-Pro can fabricate equipment to be 3A Sanitary compliant. Our experience in the pharmaceutical industry makes us more than capable to meet your sanitary needs:

- Beverage Hold Tanks
- Liquid Hold Tanks
- Mix Tanks
- Brewery Equipment
- Custom Silos

If you have a custom need, we can help.

## PHARMACEUTICAL BIOPHARMACEUTICAL

Steel-Pro has years of experience fabricating sanitary vessels:

- Sanitary Mix Tanks
- Chromatography Tanks
- Retentate Tanks
- WFI Storage Tanks
- Buffer Tanks
- Tulip Style Vessels
- Single Use Bioreactors
- Bioreactors
- Fermentation Vessels

Sanitary vessels can be fabricated to meet ASME BPE standards and can range from atmospheric to pressurized.

### Materials of Construction

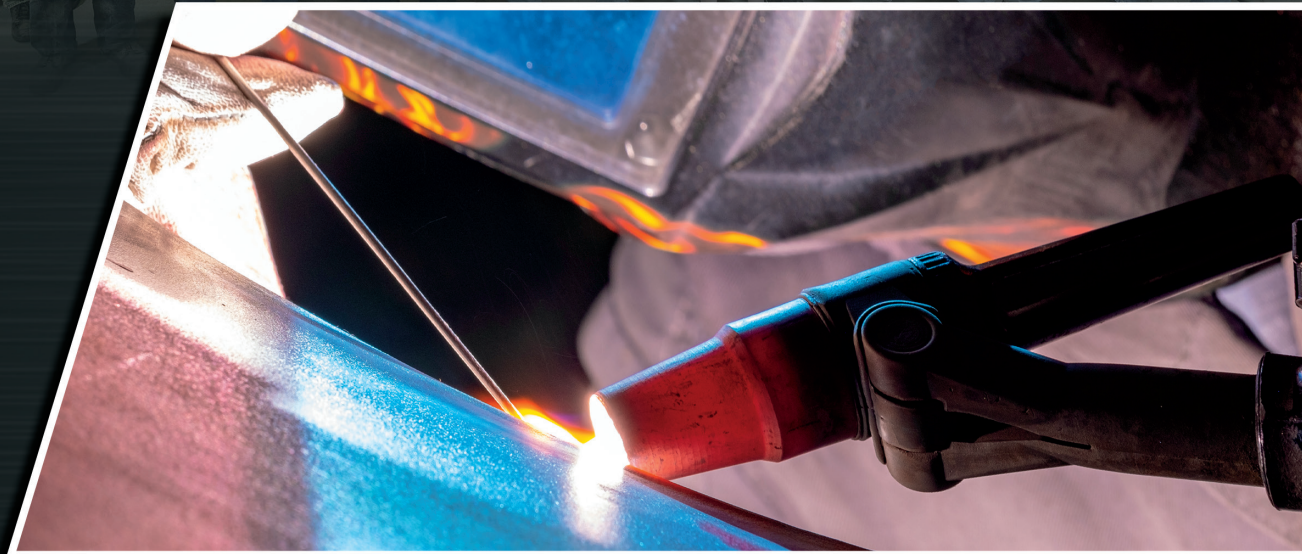

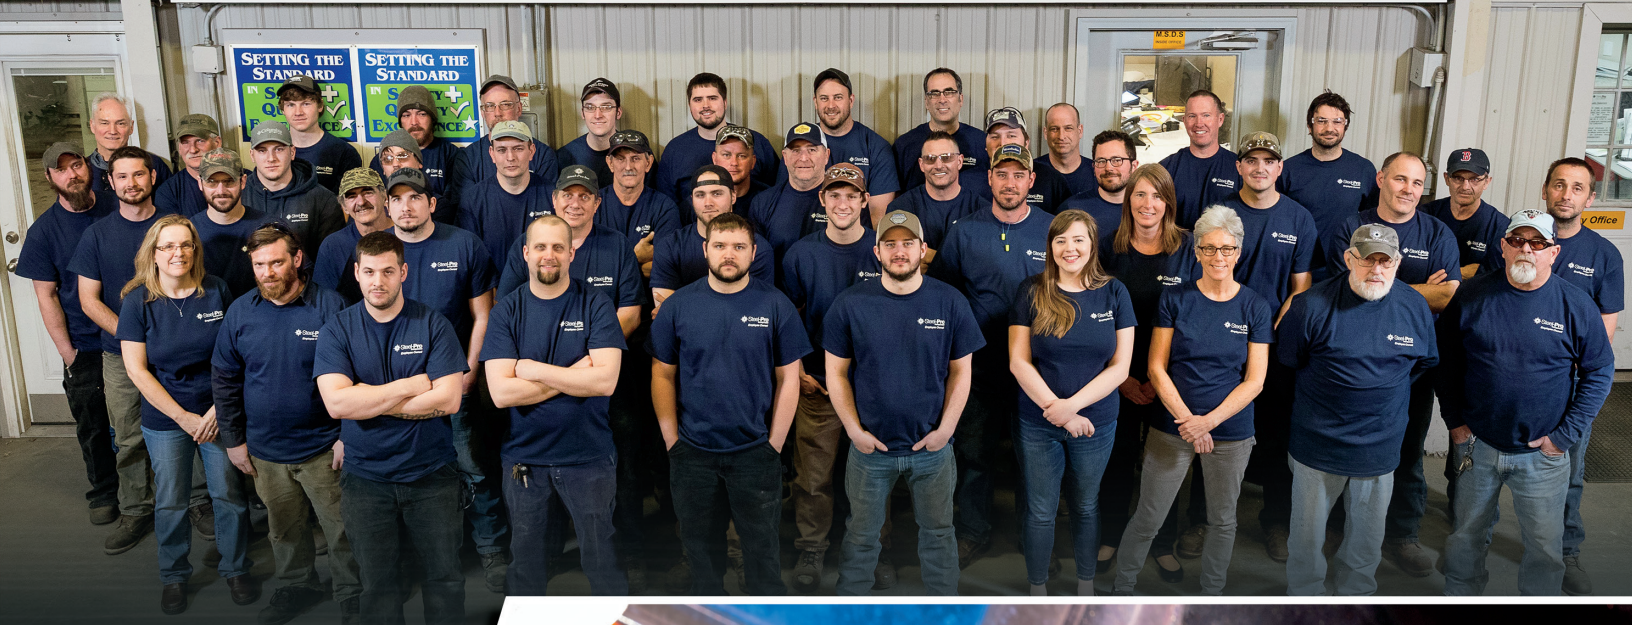

- Stainless Steel
- Duplex Stainless Steel
- Titanium
- Monel™
- Alloy 20
- 6-7% Molys (254SMO, AL6XN)
- Inconel™
- Incoloy™
- Hastelloy™

**100% EMPLOYEE OWNED  
AND OPERATED**
