

Steel-Pro is Looking For:

A Millwright/Maintenance Mechanic will repair and install industrial equipment. Support routine maintenance PM's. Working in a manufacturing facility.

Steel-Pro Culture:

Steel-Pro is the Northeast's foremost manufacturer of custom stainless steel tanks and ASME pressure vessels. As a 100% employee-owned business, our culture is heavily invested in the professional and personal success of all our employee-owners. As an employee-owner, you can make a difference through your work and have a direct impact on the company's goal to serve our customers, continue to grow a successful business, and provide you with a rewarding career and the room for a fun and meaningful personal life.

We offer a great benefits package and a fast paced, dynamic work environment. We would love for you to join our team and become an employee-owner!

Our Goal and How We Achieve It:

Our goal at Steel-Pro is to design and fabricate the highest quality custom equipment at the best value and delivery for our customers and to provide a safe work environment for our employee-owners and visitors alike. We rely on each individual employee-owner to contribute to reaching this goal by bringing a unique skill set to work each day and to adhere to our core values:

- Provide a safe environment for employees and visitors.
- Value the importance of fairness, honesty, integrity, respect and accountability for our actions and decisions.
- Continuously improve in all aspects of our business.
- Value teamwork and employee's commitment to Steel-Pro.
- Consider our customers and suppliers valued "business partners" and act accordingly.

What We Offer You:

- A fulfilling career with many avenues for success.
- A competitive salary.
- A comprehensive benefits package.
- A dollar for dollar 401(k) match up to 4%.
- Added employee-ownership retirement benefit.
- Profit Sharing.
